

# Child Flu

**Last year the flu vaccine nasal spray reduced the risk of vaccinated children getting flu by 65.8% (Public Health England).**

**Children who can be vaccinated for free at the practice:**

- Children aged 6 months to under 2 years old 'At-risk' - Asthma or other respiratory diseases, liver, kidney and neurological conditions including learning disabilities.
- Children aged 2 and 3 years old on 31 August 2017 (but not 4 years)
- Children aged 9 years to under 18 years old 'At-risk' - Asthma or other respiratory diseases, liver, kidney and neurological conditions including learning disabilities.

Children in reception class and school years 1, 2, 3 and 4 are eligible for flu vaccination in school. **DATES COMING SOON!**
